DUNDEE residents caught sight of the breathtaking cruise ship Sea Cloud Spirit yesterday.

The vessel, which cost £78 million to build, attracted attention as it travelled along the Tay ahead of docking in the city's harbour.

Built in 2021, it measures 138 metres in length and boasts an impressive 28 sails.

The vessel contains 69 outside cabins including 25 with private, step-out balconies and seven deluxe lido outside cabins with panoramic windows.

The ship, built in Vigo, Spain, travelled from Peterhead and Aberdeen where it picked up passengers.

It will return to Aberdeen on Wednesday having travelled from Edinburgh as part of its This is How Summer Tastes in the North 10-day cruise which sees prices range from £6,500 to £11,439 per person.
