Tempting late-summer stays and packing essentials

Hold on to summer a little longer with stylish stays and fashionable finds that make a getaway all the more special

Sleep beneath the turquoise waters of Pemba Island

(The Manta Resort Ad)

On the remote northern tip of Pemba Island, Zanzibar, Manta is a 16-room boutique lodge where the pace is slow and the Indian Ocean is mere steps away. Spend sunshine-filled days diving, snorkelling or wandering into the island's forests. Rooms and villas are understated yet luxurious, with natural materials and traditional *makuti* roofs that give a genuine experience of the island.

The highlight is Manta's Underwater Room, located 250 metres offshore within its own home reef, where guests spend the night in a bedroom four metres beneath the water's surface, surrounded by the ever-changing view of marine life. Relax with sundowners at sea level, dine on exquisite seafood platters and stargaze from the rooftop deck before heading down for a unique sleeping experience.

Use code 'OFFER27' to save on five-, seven- and 10-night stays at [Themantaresort.com](https://themantaresort.com) (offer ends 31 December 2027 and includes blackout dates)
